2017 CORPORATE PARTNER OPPORTUNITIES

Supporting people with disabilities to fulfill their life choices

In·clu·city: a movement to create an inclusive city

What does an inclusive community look like, and what will it take to get there? *Inclucity* is a movement to improve inclusivity throughout the Puget Sound. We aim to spark conversation, reflection, and action through a variety of events throughout the year to engage community members in discussion about social justice and rights surrounding disability and inclusion.

The flagship event in this series is the *Inclucity* event. Beginning in 2016, *Inclucity* broke away from the traditional non-profit event to bring together people to learn about advancements in technology and services supporting people with disabilities, engage in dynamic conversations around how we must all contribute and be inspired to take action. We hope that through this event, we – as a community – can accelerate the movement of creating a truly inclusive Northwest.
