### **Services Provided**

- The ***Community Living Program*** provides 24-hour supported living services and affordable housing to adults with severe disabilities.
- Our ***Employment Services*** program helps young adults and adults with all types of disabilities secure and maintain competitive employment in the community.
- ***Therapeutic and Assistive Technology Services*** help people with disabilities to conduct their activities of daily living. We offer occupational, physical and speech therapies to maximize individual abilities and independence. Assistive Technology services help people with disabilities to develop skills in the areas of communication, education and employment by accessing and using computers and other digital technology.
- The Johnny Johnson Memorial ***Dental Clinic*** is unique as it offers specialized dental care services for people with severe disabilities. The dental clinic provides training for dental and dental hygiene students at local colleges and universities.
